RE: Proposal for 2010 LC Age Groups

Goals: Manageable timeline for 13/over sessions. Keep Age Groups for the “Age Group” level swimmer. Gives said Age Group swimmer a better opportunity to swim in finals.

Proposal: To cap the 15-19 year olds COT for LC Age Groups by using the previous year’s 20th place time from LC CT Seniors. Use Swim Info’s conversion chart for a direct conversion for SCY and SCM COT.

Benefits:

- Makes LC Age Groups a “TRUE” Age Group level meet.
- This proposal has no affect on LC Regional meets, which in our opinion are too long, too big and unsafe due to the number of swimmers on deck.
- No affect on CT Seniors
- May allow AGC to loosen the 15-19 cuts a tad.
- Age Groups can now be a stepping stone between Regionals and Seniors for 15-18 year olds.
- Allows for a true progression in the summer.
