RE: 2018 LC Regionals – Proposed Format Changes**

- Model #1
  - i. 10 and under SCY meet (finale) to be held a separate weekend than 11/overs
    - Possibility of holding it the same weekend as Senior Championships
  - ii. 11 and over Regional Championships following the SC Regional meet format (team's entire entry at one site, and cap times of AG cut off times).
  - iii. One location for Friday distance session
- Model #2
  - i. Same as above except 11/overs - trials/finals format
- Model #3
  - One meet for swimmers who are within a certain percentage of AG Cuts (for example - all kids who are within 10% of making the AG cut qualify for this meet.)
  - ii. The rest of the weekend is open for any and all CSI Teams to run meets.
    - All meets must have a max cap time of the above qualifications.
- Model #4
  - i. Silver Championships
    - One meet for the swimmers who are within a certain percentage of AG Cuts (for example - all kids who are within 10% of making the AG cut qualify for this meet.)
  - ii. Bronze Championships
    - The rest of the weekend are meets bid out by CSI much like Regionals with max cuts, etc.

Our plan is to present 3-5 ideas to the Spring House of Delegates meeting on May 16, 2017, 7:30pm. After discussion in May and throughout the summer, the Age Group Committee will ultimately come up with 3-5 formats that will be voted on at the Fall House of Delegates meeting.

If you have any thoughts or ideas that you would like to share you can email the Technical Planning Chair, Henk Jansen, [piranha@darien-ymca.org](mailto:piranha@darien-ymca.org) or Dan Mascolo interim Age Group Chair, [cdogentries@gmail.com](mailto:cdogentries@gmail.com). Please note, on deck conversations are great but ultimately we would need something in writing with some detail so nothing gets "lost in translation."
