

## **Note to All Championship Lane Timers:**

We very much appreciate your help, which is critical to the success of our Championship. In order to maintain the appropriately dignified atmosphere for a meet of this type, we would like to remind all timers that, as impartial meet personnel, cheering for specific teams or swimmers should be kept to a reasonable level. We realize that enthusiastic parents want to support their kids, so this is not a “zero-tolerance” policy. But do keep in mind that too much noise and enthusiasm can be a distraction to other swimmers, officials and timers, so please use your best judgment while on the pool deck. Thank you for your understanding.
