#### Outreach Athlete Entry Fees for CSI Championship Meets

Approved: To waive CSI championship individual event entry fees for CSI-registered Outreach athletes and Regional Championship meet host clubs will be reimbursed, by CSI, for outreach athlete individual event entry fees.

The waiver of CSI championship meet individual event entry fees for Outreach athletes will be announced to clubs via email and website posting.

Procedure: When submitting championship meet entries, the participating (entering) club will request, in writing, that the individual entry fees be waived for Outreach athlete(s) listed on the club's entry. For Age Group and Senior Championships, the CSI Entry Chair shall confirm the Outreach status of the athlete(s) using USA Swimming's national registration database. If confirmed, all individual event entry fees shall be waived. In the case of Regional Championships and Open Water Championships, the meet host Entry Chair may request reimbursement by contacting CSI Program Operations in writing. Hosts must provide athlete name, USA ID, club and individual entry total. CSI shall verify the outreach status of each athlete and forward a check request to the CSI treasurer. Host clubs shall be responsible for paying normal surcharge fees back to CSI in full, prior to receiving reimbursement.
