These entries must be received no later than Noon MT on Monday, July 28, 2025, and cannot be used to improve the seed time of a prior entry. Normal entry fees apply.
- ◆ All athletes at the meet must be 18 or under on the first day of the meet. College athletes who meet this age requirement are permitted to compete in the meet.
- ◆ All swimmers, coaches, and team staff must be 2025 Premium or Outreach members of USA Swimming and must be current in all required certifications and trainings. Foreign national teams are not permitted to compete in this meet, however foreign athletes who are registered members of USA Swimming clubs will be permitted.
- ◆ The Women's and Men's 400m Freestyle events may be flighted, with the top 5 seeded heats of women swum first, followed by the top 5 seeded heats of men, seeded slowest to fastest, and then the remaining heats alternating women/men fastest to slowest at the end of the preliminary session.
- ◆ There will be an A (Championship), B (Consolation), C (Bonus), and D Final in each event at these Championships (except the distance Freestyle events). Eight swimmers will qualify for each final (i.e. 32 swimmers will advance to Finals). In the Finals, the order of heats will be "D", "C", "B", and "A", followed by relays.
- ◆ This event will follow the scratch rules as defined in section 207.11.6 of the USA Swimming Rules and Regulations. The scratch deadline for the first day's events shall be fifteen (15) minutes after the Technical Meeting is adjourned. The scratch deadline for all subsequent day's events shall be thirty (30) minutes after the time established for the start of the finals sessions. The penalty for failure to compete in an individual preliminary heat in which such swimmer is entered and has not been scratched in accordance with sub-paragraphs 207.11.6A and B will be one of the following:

These events will be seeded so that the fastest 100 LCM seed times will be in the fastest circle seeded preliminary heats. **A swimmer cannot compete in more than three (3) individual events per day, including bonus events, 50s of stroke, and time trials.**
- ◆ **Relay-only swimmers will not be permitted at these Championships.**
- ◆ Relays will be timed finals with all heats swum in the evening session. **Teams may use a provable team time or aggregate time achieved within the qualification period to qualify a relay. Relay qualifying times must be made by swimmers age 18 or under when the qualifying time is achieved.** Teams may submit two relays per event, provided they have achieved the qualification standard within the qualifying period. If a team enters an A and B relay, they must use eight (8) different swimmers. Teams may not use the same swimmer twice in a relay event, or to prove a time. ### Safe Sport Information

The USA Swimming Safe Sport program is USA Swimming's comprehensive abuse prevention program dedicated to creating a healthy and positive environment free from abuse for all its members. Components of the program include, but are not limited to, providing education and training, enforcing policies (such as the Minor Athlete Abuse Prevention Policy), rules and best practice guidelines, promoting healthy boundaries and mandatory reporting of violations.

The Minor Athlete Abuse Prevention Policy ([www.usaswimming.org/maapp](http://www.usaswimming.org/maapp)) prohibits Adult Participants (as defined) from having one-on-one interactions with minor athletes which are not within an observable and interruptible distance from another adult. Adult Participants are required to abide by this policy in full during this meet.

Pursuant to USA Swimming Rules and Regulations and federal law, it is every member's responsibility to immediately (i.e., within 24 hours) report any incident of child abuse, including physical or sexual abuse, to law enforcement and the U.S. Center for SafeSport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. A report to the U.S. Center for SafeSport may be made via telephone at 833-5US-SAFE (833-587-7233) or online at [www.uscenterforsafesport.org/report-a-concern](http://www.uscenterforsafesport.org/report-a-concern). Various state laws may also require reporting to law enforcement or to a designated child protection agency. For information on how to report other alleged violations, including without limitation, the USA Swimming Code of Conduct and the Minor Athlete Abuse Prevention Policy, please visit [www.usaswimming.org/report](http://www.usaswimming.org/report).

All athletes age 18, or who turn 18 during the meet, must complete Athlete Protection Training in order to be a USA Swimming registered member in good standing by the first day of the meet. A member not in good standing will be prohibited from participating in the competition until such time as all membership requirements are completed. Times achieved by an athlete who turns age 18 on or during the meet, who competes in this USA Swimming sanctioned event without completing this membership requirement, will NOT count for qualification or recognition. This includes participation as a member of a relay. The requirement to complete Athlete Protection Training is an annual requirement. USA Swimming membership will be affected if a non-athlete member or adult athlete member does not renew Athlete Protection Training annually.

Each club is responsible for the conduct of its swimmers. Any person who, in the opinion of the Meet Referee, Meet Director or Meet Marshall, is harmful to others or to other's property may be required to leave the competition. No swimmer will be allowed access to the pool deck without a coach member present. If the home club coach is not planning to attend event, swimmer must designate a supervising coach. Arriving with fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.

Any swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start. It is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement. During warm-up sessions, athletes must enter the water feet-first, except in designated lanes and times. Violations may result in disqualification from next individual event or expulsion from the meet.

Deck changing is prohibited.

During the entire meet, use of audio or visual recording devices, including a cell phone, are not permitted behind the starting blocks, while athletes are in vulnerable positions, and are not permitted in changing areas, rest rooms or locker rooms.

Operation of a drone, or any other flying apparatus, is prohibited over the venue (pools, athlete/coach areas, spectator areas and open ceiling locker rooms) any time athletes, coaches, officials and/or spectators are present.

All U.S. athletes, coaches, and staff expecting to receive a deck pass should be prepared to show proof of current USA Swimming membership via the USA Swimming App. Coaches must meet and have current certifications for all the requirements of coach membership including successfully passing the required background check and APT course.

It is understood and agreed that USA Swimming, the Meet Hosts, Facility Owners, Officials, and the LSCs shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event.

All entries must be made online at [hub.usaswimming.org/landing](http://hub.usaswimming.org/landing) no later than Tuesday, July 22, 2025, by Noon Mountain Time. The OME entry system will open May 20, 2025. You will be required to pay for the online entries with a Visa, Mastercard, American Express or Discover. OME is not an eligibility report. It is the coach's responsibility to know for which events your athlete is qualified. You can modify your entry online by adding to the original entry. You may not delete an online entry once it has been submitted/paid for. Once you complete your online entry, you will be sent confirmations via e-mail. Please keep all of these and bring them with you to the meet (just in case).

Waiver forms will automatically be sent to you via e-mail after the entry deadline closes. Please have these filled out prior to your arrival in Irvine.

### Responsibility Clause

The coach, swimmer or swimmer representative who enters a USA Swimming Championship thereby attests that all times stated are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to USA Swimming for each such time entered, unless absolved of the fine by USA Swimming or designee or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the USA Swimming. Such penalty shall also be levied against any USA Swimming verification officer who knowingly entered such a false time(s) into the SWIMS Database. Appeal of fines are to be made to USA Swimming or designee and/or Board of Review. Any appeal of the decision shall be in accordance with the provisions of Part Four, specifically Article 405.

### SWIMS Database—Proof of Time

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition.
- B. USA Swimming Approved competition - Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims - Be sure a proper request for an Observed Swim is made according to guidelines appearing in 202.8 of the USA Swimming Rule Book and the USA Swimming SWIMS Time Module Policy Manual. Prior to the start of the meet, verify that proper procedures are in place for the Observed swim.
- D. The time of any swimmer recorded while legally representing a USA Swimming club, secondary school, college or university within the appropriate time frame may be used in proving relay entry times and that swimmer does need to be entered in the championship in question or currently representing that club. Relay times belong to the team. Individual times belong to the swimmer.

### Automatic Proven Times

Times submitted to the USA Swimming SWIMS database no later than 20 days prior to the Championships will be in the database. If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

Times from all major international championships will be automatically entered in the database. Times from any other meets in which National time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends.

*Note: Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry won't enter a swimmer into a competition nor place your club on the USA Swimming mailing list.*

### Entering Official Times

**Individual Events** - All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the SWIMS Database. No swimmer will be permitted to swim without said proof. USA Swimming reserves the right to challenge any submitted time. All scratches must be proven.

**Relay Events** - Entered times must be proven prior to the scratch deadline for each relay team, in aggregate or as a team. For the purpose of proving times, a club may name a swimmer on only one of its relay teams in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the entry is eligible to compete on that relay team. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard. This choice must be indicated during the entry process. A club may enter no more than two relay teams in each relay event.

### Qualifying Period

The qualification period for this event is June 1, 2024 through the entry deadline.

### Entry Fees:

Individual Events:	\$20.00
Relay Events:	\$40.00

- B. Review the psych sheet posted by the Administrative Referee and make sure your swimmers do not have a symbol (".", "#", or "\$") by their name.

"." indicates an unproven time,

"#" indicates an athlete without a current USA Swimming membership.

"\$" indicates the athlete is missing APT.

Any of these situations must be resolved prior to the athlete competing in the event.

- E. Check your scratches - make certain they are correct and submitted on time. Do not let your swimmer miss his/her best event because you failed to scratch an entry.
- F. Follow all proof of time, scratch and distance event entry procedures by the required deadlines as published.

## Relays and Relay Check-In Procedures

- A. Relay qualifying times must be made by swimmers age 18 or under when the qualifying time is achieved (whether using team or aggregate times).
- B. Teams may submit two relays per event, provided they have achieved the qualification standard within the qualifying period. If a team enters an A and B relay, they must use eight (8) different swimmers. Teams may not use the same swimmer twice in a relay event, or to prove a time.
- C. Relay-only swimmers are not permitted at these Championships.
- D. Entries for all relays must be checked in prior to the scratch deadline in order to be seeded. Each coach shall pick up relay entry forms from the Clerk of Course on which he/she shall list the competing relay swimmers, their first and last names and order of swimming for each entered relay. Relay forms shall be returned to the Clerk of Course for tabulation approximately one (1) hour prior to the start of the relays. However, relay order may be changed up to the time of the swim.
- E. All relays will be timed finals with all heats swum in the evening session.
- F. The order for relays shall be:
  - Women's 2nd Fastest Heat
  - Women's Fastest Heat
  - Men's 2nd Fastest Heat
  - Men's Fastest Heat
  - Women's 3rd Fastest Heat
  - Men's 3rd Fastest Heat
  - Women's 4th Fastest Heat
  - Men's 4th Fastest Heat, Etc.

## Warm-Up and Safety

USA Swimming will provide a complete schedule of warm-up procedures to include lane usage and times, which must be adhered to by all participants. This information will be distributed with the meet information at registration, posted throughout the venue, announced on a regular basis before and during the meet, and monitored by the Meet Referee (or his/her special designees). Flagrant violation of these procedures may result in a disqualification from the meet for unsportsmanlike activity. Encourage your swimmers to cooperate with marshals. The main competition pool will be reserved the last 60 minutes for swimmers competing in that session's events.

## Scratch Procedures

### A. Location of Scratch Box

- ◆ Scratches and positive check-in for Wednesday's events can be done at the registration desk on Tuesday or emailed to the Admin Referee before the deadline.
- ◆ All other days' scratches and positive check-in must be done in person with the Admin Referee at the clerk of course.

### B. Scratch Deadlines:

- ◆ The scratch deadline for the first day's events shall be fifteen (15) minutes after the Technical Meeting is adjourned. The scratch deadline for all subsequent day's events shall be thirty (30) minutes after the time established for the start of the finals sessions.

## Scratch Rules

This event will follow the scratch rules as defined in section 207.11.6 of the USA Swimming Rules and Regulations. The penalty for failure to compete in an individual preliminary heat in which such swimmer is entered and has not been scratched in accordance with sub-paragraphs 207.11.6A and B will be one of the following:

- ◆ Being barred from all further individual and relay events of that day as prescribed in section 207.11.6C, or
- ◆ Payment of a fine of \$200

Until the fine is paid, the swimmer will be barred from all further individual and relay events as prescribed in section 207.11.6C.

## Ready Room

A Ready Room will be used at these Championships prior to each "A" finals heat. Each swimmer in the "A" final (including the fastest-seeded heats of the distance events) must report to the Ready Room five minutes preceding the event. Bonus, Consolation, D-Final, and Relay heats will report directly to their assigned starting block.

## Awards Staging

All medalists in each event should report to the Awards Staging Area in full team warm-up attire immediately following the "A" Finals for their event.

## Distance Freestyle

- A. Swimmers may qualify for the 800 and 1500 Freestyle events using either the 800m/1000yd or 1500m/1650yd qualifying standards (i.e. the conforming or non-conforming distance event standards).
- B. Swimmers in the 800 and 1500 Freestyle events must be positively checked-in with the administrative referee prior to the scratch/positive check-in deadline for the respective event.

- C. Distance Entry - Any swimmer who qualifies for the 800m or 1500m freestyle events may enter at his/her fastest time or at the qualifying time standard, if entered in two or more individual events on the day of the distance freestyle.
- C. The 800m and 1500m freestyle events will be swum slowest to fastest, alternating women's and men's heats, with the fastest heat of each race swum during the evening session. All other heats will be swum so the second fastest heat of the Men's event finishes approximately 75-minutes prior to the start of the evening session.

6. Short Course Yards Bonus (SCY)
7. Non-Conforming LCM Bonus (Distance Events)
8. Non-Conforming SCY Bonus (Distance Events)

## Finals Session Event Order

There will be a D-Final, bonus, consolation, and championship final in each individual event at this Championship (except the 800m and 1500m freestyle events, which will have a championship final only). The order of the final events shall be D, C, B and A (D-Final, Bonus, Consolation and Championship).

## Meet Scoring

- ◆ Remaining Days: that day's events, followed by the remaining events in the meet.
- ◆ The distance freestyle events will typically be offered on only one day of the meet. The day will be determined by the Meet Referee, depending on the size of the meet, time available, etc., and be announced at the General Meeting.
- ◆ At the discretion of the Time Trial Referee, 50s of Stroke may be allowed during one or more Time Trial sessions. The 50s of Stroke will be the last events to be contested each day. Details of any changes will be announced during the Technical Meeting.

Entry fees for Time Trials are the same as those established for the meet.

## California Concussion Law

California has modified its existing school concussion law to apply the requirements to youth sports organizations in which athletes participate, including swimming. These requirements apply to out of state coaches whose swimmers are attending these Championships.

1. The law requires that a youth athletic program must immedi-

ately remove an athlete from an athletic activity for the remainder of the day, if the athlete is suspected of sustaining a concussion or head injury , and prohibit the athlete from returning to the activity until the athlete is evaluated by a licensed health care provider, trained in the management of concussions, and acting within the scope of his or her practice. The athlete must receive written clearance from the licensed health care provider to return to the athletic activity. If the athlete is diagnosed with a concussion, they must go through a graduated return to play protocol of no less than seven days under the supervision of a licensed health care provider. Youth sports organizations must also notify the parents or guardians of athletes 17 or younger who have been removed from athletic activities due to suspected concussions.

2. Coaches and administrators must successfully complete the concussion and head injury education required under the bill at least once either online or in person. The following courses from the Center for Disease Control and Prevention (CDC) or the National Federation of State High School Associations (NFHS) satisfy the requirements.

[CDC Concussion Course](#)

[NFHS Concussion Course](#)

3. USA Swimming has also developed concussion and head injury education materials for coaches and administrators. Below is a concussion at the pool checklist for coaches, officials, and parents.

[Concussion at the pool Checklist](#)

After entering the meet, you will receive the standard USA Swimming Participant Waiver, a Concussion Information Sheet for Parents and Swimmers, and the Concussion Acknowledgment Document. Please be sure to take the time to read this information to avoid any delays or issues at the meet. Both the waiver and the acknowledgment document will need to be signed and submitted for each athlete at registration.

## Doping Control

The 2025 Speedo Junior National Championships are subject to Doping Control. All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA), WADA, and/or World Aquatics under the In- Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. Athletes should visit [usada.org/athletes/antidoping101/](https://usada.org/athletes/antidoping101/) for important information that all athletes, coaches, and their parents must be aware of. Key details from that document are listed below.

Athletes should check their medications prior to use and note that some medications may require approval that will take at least 30 days.

### What substances are banned?

Per USADA: "As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti-Doping Agency Prohibited List. It's important that athletes are aware of the substances and methods on the [Prohibited List](#) as an athlete is responsible for any prohibited substance found in their body, regardless of intent. It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during competition. In some cases, a substance is only prohibited in a certain sport. Use the resources on this tab in conjunction with the next step about medication and the resources available pertaining to medication to determine whether or not a substance is prohibited." Read the summary of [Modifications for 2025](#).

### What about medication?

Per USADA: "Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to understand your medication is to use USADA's [Global DRO](#) service, where generic and name brand products, or specific medications, can be searched. Results will yield information including the in - and out-of-competition status, any threshold information, as well as sport specific information for those substances prohibited only in certain sports. Athletes or their support team can also speak to an expert by phone during business hours [8am – 5pm Mountain Time Monday-Friday] by calling Athlete Express at 719.785.2000.

It's important to understand that Dietary Supplements are not medication. They are regulated and manufactured differently. For these reasons, USADA is unable to provide guidance on specific dietary supplement products. For more information visit [USADA's Supplement Connect](#).

### Therapeutic Use Exemptions?

Per USADA: "In some situations, an athlete may have an illness or condition that requires the use of medication listed on the World Anti-Doping Agency's [Prohibited List](#). A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. In some cases, the TUE requirements are different for national-level athletes vs. non-national level athletes. Athletes interested in obtaining a TUE should visit the [Therapeutic Use Exemption](#) page, where they can determine if they need a therapeutic use exemption, begin the application process, and find answers to the most frequently asked TUE questions."

### Understand the Sample Collection Process:

Per USADA: "Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet safe and comfortable for the athlete. Understanding the processes as well as an athlete's rights and responsibilities can help to make them less intimidating. There are additional considerations for minor athletes and disabled athletes. Learn more about the sample collection processes [here](#)." NOTE: Minor athletes should always have a representative with them in doping control.

*Per established doping control testing protocol, a Witnessing Chaperone must directly observe an athlete providing a sample. The witnessing chaperone is always someone of the same gender as the athlete. To protect the rights of a minor athlete, someone must observe the witnessing chaperone observing the athlete as they provide a urine sample. That person cannot see the athlete – they can only see the witnessing chaperone watching the athlete. Per USADA's established protocol the athlete has the right to choose who will be in that role. In the event that a coach acts as an Athlete Representative for an athlete of the opposite gender, they may request that someone on USADA's crew observe the witnessing chaperone observing the athlete. Then the coach can be the athlete representative for the rest of the processing of the paperwork.*

*NCAA doping control rules are different than the rules for this meet. Be sure all athletes have checked their meds with USADA and understand this information.*

Doping Control rule for athletes previously eligible for out of competition drug testing: Athletes who were previously eligible for out of competition (no-advance-notice) doping control and officially retired have a 6-month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Swimming sanctioned events (local competitions all the way up through National competitions including meets with a dual sanction from Masters and USA Swimming) or World Aquatics sanctioned events. If you have an athlete in this situation, please email [smichael@usaswimming.org](mailto:smichael@usaswimming.org) immediately.
