Safe Sport Information	<p>The Safe Sport program is USA Swimming’s comprehensive abuse prevention program dedicated to reducing the risk of sexual, emotional and physical abuse to athletes. Components of the program include, but are not limited to, providing education and training, enforcing policies, rules and best practice guidelines, promoting healthy boundaries and mandated reporting of violations.</p> <p>The Minor Athlete Abuse Prevention Policy (“MAAPP”) prohibits applicable adults from having one-on-one interaction with minor athletes that is not within an observable and interruptible distance from another adult. All applicable adults participating in or associated with this meet, acknowledge that they are subject to the provisions of the USA Swimming MAAPP, and that they understand that compliance with the MAAPP Policy is a condition of participation in the conduct of this competition.</p> <p>Pursuant to USA Swimming Rules and Regulations and federal law, it is every member’s responsibility to immediately (i.e., within 24 hours) report any incident of child abuse, including physical or sexual abuse, to law enforcement and the U.S. Center for SafeSport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. In the event of non-compliance, the athlete's eligibility for female competition will be suspended for 12 months. <p>Any athlete who desires to submit medical records to stay in compliance to the IOC rule shall submit to USA Swimming's National Team Managing Director: 1) a signed declaration that the member's gender identity is female, and (2) an attestation from a medical professional that the member's total testosterone level in serum has been below 10 nmol/L for at least 12 months prior to the member's first competition. USA Swimming will not accept actual test results or other medical records from a member and any such documents received by USA Swimming will be destroyed immediately.</p> <p>As a transitioning athlete you may need to utilize a medication/substance that is prohibited and would require approval for use. To ensure compliance with these rules please contact the U.S. Anti-Doping Agency (USADA) at 719-785-2000.</p> <p>USA Swimming follows IOC guidelines for transgender participants, and therefore this information is subject to change as policy surrounding transgender elite athletes evolves. Safety Plan

1. SAFETY AUTHORITY

The safety for this event will be coordinated through the Quassy Amusement Park and the Town Middlebury Volunteer Fire Department. Quassy Life-guards have provided safety services for CT Swimming Open Water events for several years.

The lifeguards are equipped and capable to respond to any aquatic or medical emergencies on the course and if needed will transfer emergency care to the Middlebury Volunteer Fire Department who will be aware of the event and be on-call to provide paramedic services. First Aid will be available on the beach at the medical tent.

The Safety Director, Safety Officer, Medical staff and safety patrol boats will communicate via the event radio network and mobile phones as necessary.

There will be 8 – 10 Kayaks or rescue boards with Lifeguards located throughout the course.

There will be two safety boats on-course to monitor swimmer's safety.

There will be course officials located on safety boats and kayaks throughout the course.

2. COMMUNICATIONS PLAN

The safety patrol boats will utilize the event radio network and mobile phones as necessary, and will be in contact with Race Operations, and Safety Officer via mobile phone.

Communications between lifeguards in kayaks and all parties will be through Whistles and hand signals. If Lifeguards need assistance from the Safety boats, they will blow a series of single long whistle blasts and wave orange flag.

3. SWIMMER IN DISTRESS

a. Lifeguard will activate their water rescue protocols.

b. Any swimmer withdrawing from the race must report to the nearest lifeguard or course official to identify and confirm withdrawal. Course official will radio race-control with the competitor number and direct the swimmer to return to the start area.
